

Advantage Stress 21

Designed for stressed or high producing beef or dairy cattle on pasture or harvested forages

HLS™ Advantage Stress 21 is specially formulated to enrich the diet of beef or dairy cattle subjected to stress or periods of high production. This all natural protein tub, with highly digestible energy sources, helps to maximize rumen performance. The addition of chelated sources of zinc, manganese and copper provide that extra boost to get a stressed animal back to health quicker and helps cattle to achieve their genetic potential. Advantage Stress 21 is an exceptionally dense block that will give your animals the optimum nutrition they need to make you money.

Advantages of Advantage Stress 21

- ★ Extremely palatable
- ★ No waste means more nutrients in your animals and less \$\$\$ out of your pocket
- ★ Highly fortified with vitamins A, D and E
- ★ Labor saving
- ★ Increased forage utilization
- ★ Consumption control
- ★ Weather-Resistant
- ★ Readily available chelated sources of copper, manganese and zinc needed for maximum performance

**CAUTION: DO NOT FEED TO SHEEP.
FEED ONLY AS DIRECTED.**

*Provide access to fresh water and free choice salt at all times
