

# Power Lix 21 CGS

**For all classes of beef cattle, dairy cattle,  
sheep and goats**

**HLS™** 21% Power-Lix is a supplement designed for all classes of livestock on medium to low quality forages. **HLS™** 21% Power-Lix is formulated only using natural protein sources, therefore your horses can run in the same pastures as cattle, sheep and goats. The readily available energy in cane molasses makes the bacteria in the rumen more efficient. With a more efficient rumen, forage utilization is improved, thus enhancing all performance factors.

## Advantages of Power Lix 21 CGS
